2020 PHRFECTION RACE TO MICHIGAN CITY
MIDWEST OPEN RACING FLEET, CHICAGO, ILLINOIS
AUGUST 8, 2020

Loren Thompson and the crew of Kahuna celebrate his first ever Overall race win, in the 2020 PHRFection Race to Michigan City. It was a perfect race for JAM boats, with wind at around 60°apparent and 10-14 knots. They used an old main from 1999 that had a side repaired to stop delamination. There was a crew of four plus one. Helming rotation was a new helm every 5 miles (about an hour). We averaged 6.6 knots for the trip and had the best corrected time. We had about 10 boats from our starting location. Kind of a premiere trip for us as in 2014 in this race we had boat damage from wind that put us in a fix it/get rid of it conundrum. Decided to fix and John M. Walby did a terrific job on the repair. We flew a "don't give up the ship" flag to fly as a commemorative flag. Proud of what the old boat, captain and aging crew did. ***—Loren Thompson***
